IMPROVE YOUR CROP'S UV OUTPUT

LUMATEK
PROFESSIONAL LIGHTING

30W UV Supplemental Light LED Bar

30W UV Supplemental Light LED Bar is ideal for growers who are looking to improve their crop's UV output. This 30W UV LED bar was designed to fit directly into the Zeus frames or can also be used as a single fixture.

We recommend the use of two 30W UV LED Bars per each Zeus 600W Pro and Zeus 1000W Xtreme models; and three units per each Zeus 1000W Pro; during the last part of flowering.

- Increase raw substance levels by up to 30%
- Control mold formation
- Reduce the need for chemical interventions
- Improves Flavour & Taste
- Top Bin LED UV Chips
- Attachable to all Lumatek Zeus Full-Spectrum LED Range
- Flexible hanging brackets
