Ultra Wash Mouthwash

Introduced in 2005, our Ultra Wash Saliva Cleansing Mouthwash effectively cleanses all toxins from the saliva. Easy to use...just swish and spit. Effective for 30 minutes.

Ultra Cleanse Shampoo

Ultra Cleanse Hair Cleansing Shampoo & Conditioner has been specially formulated to remove all toxins from the hair shaft. It's an all-in-one shampoo and conditioner in a small, convenient 2 ounce bottle. Just shampoo, lather, rinse and repeat and your hair is completely cleansed of all toxins.

Ultra Pure Synthetic Urine (2 oz. & 4 oz.)

The proprietary synthetic urine formula we use in our Ultra Pure products was created in 1997, many years before our competitors' formulas. This exclusive, safe and superior quality synthetic urine formula is non-biological, completely homogeneous, and contains all the components normally found in urine and is properly balanced for PH, specific gravity, uric acid and creatinine. Our e-coli and salmonella kit contains the same synthetic formula as our Ultra Pure products, and was created to address the growing concern of contamination in our nation's food supply. In as little as 20 minutes, you can know whether your food contains unsafe levels of e-coli or salmonella.
